> the subject is surcharged with "inflaming "whisky," it cannot be difficult to convise him that he has been grievously injured, and is bound in honor to do the next thing to the 'talking," which is the "fighting." The poer recruit probably never owned so much of slave as a little-finger nail; but, nuder the combined influence of talk and toddy, he begins to bemosn the outrages of the Abelitionists. and to fancy that if it had not been for them he would in some way have been the owner of a plantation and several gangs of bipeds goods. The rest follows. The maltreated man enlists, and goes to battle; but by the time be gets there his canteen is empty, while his neb ing head teems to bursting with sprrowful reflections. And then comes the running away, which lately has been the most splendid part of the performance. "If the military chiefs "say fight," observes The Avalanche, "we "fight." Not always. Sometimes you do the

other thing. Our Caire (Ill.) correspondent informed us were "repeating the old eaten-word about "lethargy." Lethargy may mean loyalty, or indifference, or light; or it may mean a sad-"Beautiful maidens of Louisiana; smile householders of Memphis are beginning to understand that burning their buildings will

policy of rendering aid and comfort to the Rebels. For instance, take the following para graph from its impression of yesterday:

This is as good as Malcolm Ives could have invented, had he been left at large to pursue his double occupation of a Secession spy and
